

ALPHA[®] InnoLot[™] Preforms

Why is InnoLot[™] the best alloy for mounting triple junction III-IV silicon?

ALPHA[®] InnoLot[™] Solder
Substrate
ALPHA[®] InnoLot[™] Solder

ALPHA[®] InnoLot[™] Preform solder alloy's excellent performance is based on:

- Focused technical expertise on solder fatigue resistance
- Verification testing for thermal cycling endurance
- Manufacturing expertise yielding lowest voiding solder joints
- Extensive field knowledge – equipment, process and materials
